Midwest Music Foundation kicks off "*Stay Tuned*" Concert Series May 8th with Five Amazing Acts.

Local non-profit, the Midwest Music Foundation, will kick off its "*Stay Tuned*" series at 7pm Friday, May 8th at Davey's Uptown Ramblers Club (3402 Main KCMO). The line-up includes Mr. Marco's V7, The Afterparty, Hipshot Killer, Thee Water Moccasins, and American Catastrophe. This series of shows will help benefit the production of "*Live. Hear. Now*", a television series, slated for release next year, showcasing the incredible level of musical talent within Kansas City and the surrounding areas. Cost is \$7 at the door and the show starts promptly at 7pm.

The Midwest Music Foundation was founded in the spring of 2008 by a group of musicians and music fans in Kansas City. In a city so full of incredible musical talent, it seemed a shame that there was no organization dedicated to the cultivation of the artists and the promotion of their work on a more public level, doing all that it could, through partnerships and grants, to help connect musicians with a wider audience.
